INFORMATION ABOUT THE ELECTRONIC DISCUSSION GROUP

We're pleased to announce the creation of a Green Line Extension Design Working Group electronic discussion group. This group hosts discussions among members of the GLX (Green Line Extension project) Design Working Group and GLX staff (MassDOT, MBTA and contracting firms). The group was created so that all email discussions by members are archived and open to the public. Anyone interested may join this group and read the discussion, but only members of the Design Working Group and GLX project staff can post messages. Messages and archived discussion can be found at the group home page: http://groups.yahoo.com/group/GLX_DWG/.
